³ Under the condition that the draft budget for 2013 is adopted without modification by the budgetary authority.

Only information provided in part A of the proposal will be used to determine whether the proposal is eligible with respect to budget thresholds and/or minimum number of eligible participants.

The minimum number of participating legal entities required for this call is summarised in the table below⁴:

Funding scheme	Minimum conditions
Collaborative Projects STREPs	At least 3 independent legal entities, each of which is established in a MS or AC , and no two of which are established in the same MS or AC.

- Additional eligibility criterion:

Proposals which do not include coordination with a Brazilian project will be considered ineligible. Therefore, the EU project proposals must include detailed explanations about the coordinated Brazilian proposal submitted in parallel to the Brazilian Authorities.

In addition, for each small or medium scale focused research project, the proposed project duration shall not exceed 36 months and the maximum EU funding requested must not exceed **EUR 1.500.000**.

- Evaluation procedure:
 - The evaluation shall follow a single-step procedure.
 - The proposals will be evaluated by a panel including both European and Brazilian experts.
 - Proposals will not be evaluated anonymously.
- Evaluation criteria and thresholds:

The evaluation criteria and sub-criteria to be applied to this coordinated call are given in Annex 2 of this work programme.

Proposals are evaluated on the basis of the following three criteria: **1. S/T quality; 2. Implementation; 3. Impact**. For each criterion marks from 0 to 5 will be given, with the possibility of half-point scores. Successful proposals must pass the minimum thresholds as follows:

	Minimum threshold
S/T quality	3/5
Implementation	3/5
Impact	3/5
Overall threshold required	10/15

The following points will be reflected in the evaluation:

The financial resources mobilised within a project will be assessed during the evaluation against the real work to be carried out in the project.

⁴ MS = Member States of the EU; AC = Associated Country. Where the minimum conditions for an indirect action are satisfied by a number of legal entities, which together form one legal entity, the latter may be the sole participant, provided that it is established in a Member State or Associated country.

In order to ensure a more genuine EU-Brazil cooperation, a balanced effort between the two coordinated projects and a research plan properly involving coordinated research activities between Europe and Brazil, represent an added value to the activities and this will be reflected in the evaluation under the criteria 'Impact' and 'Implementation'.

At Panel stage, the priority order of the proposals with equal overall scores will be established in accordance with work programme coverage. If they are still tied, they will be prioritised according to their scores for the Impact criterion. If they are still tied, they will be prioritised according to their scores for the S/T Quality criterion.

- Additional selection criterion:

Proposals will only be selected on the condition that their corresponding coordinated Brazilian project will be funded by the Brazilian Authorities.

Up to one proposal per topic may be funded under this call: That is one proposal for each one of the four topics implemented via Small or medium scale focused research projects (STREPs).

- Submission conditions:

Proposal submission must be made by means of the electronic Submission Services of the Commission on or before the published deadline. Applicants must ensure that proposals conform to the page limits and layout given in the Guide for Applicants, and in the proposal part B template.

In terms of reciprocity, non confidential abstracts of EU retained proposals will be made available to the Brazilian Authorities.

- Indicative evaluation and contractual timetable:

Evaluations are expected to be carried out in January-February, 2013. Evaluation results: estimated to be available within 9-11 weeks after the closure date. Negotiations will be carried out in parallel by the EU and the Brazilian Authorities, in order to have a simultaneous start of the respective grant agreements. It is expected that the grant agreement negotiations for the short-listed proposals will start as of end February 2013 and that all projects will start work early in July 2013.

- Consortium agreements:

Participants in all EU actions resulting from this call are required to conclude a consortium agreement prior to the grant agreement.

- Coordination agreements:

Participants in the EU Collaborative Projects are required to conclude a coordination agreement with the participants in the coordinated project funded by the Brazilian Authorities. A final draft of these agreements has to be provided with the proposal.

- Other points:

The forms of grant and maximum reimbursement rates which will be offered for projects funded through the Cooperation Programme are specified in Annex 3 to this work programme.
