 - At least 3 participants must be SMEs independent of each other established in at least 3 MS or AC.
 - At least 2 participants must be RTD performers⁴ independent of any other participant.

- If there are any other enterprises and end-users participants, they must be independent of any other participant.
 - SMEs that are research centres, research institutes, contract research organisations or consultancy firms are not eligible as SME participants, however they are eligible to take part as RTD performers, other enterprisers or end users. In addition to this minimum consortium requirement, the participation of SMEs that have not taken part in the former research project is possible.
 - The coordinator of the project must be an SME.
 - At least 75% of the declared costs shall be carried out by the SME(s).

- Experts might be asked to carry out the individual evaluation of proposals remotely.
- The procedure for prioritising proposals with equal score for this call will differ from Annex 2 as follows: the first step (point 'i') making reference to topics is suppressed, and point "ii" (now point 'i') indicates that the proposals will be prioritised first according to the scores for the criterion impact and, when these scores are equal, according to the scores for the criterion scientific and technological excellence (ref. guide for applicants).
- A reserve list of proposals will be established.
- The following will be evaluated under the impact criterion for **Activities 2.1 Research for SMEs** and **2.2 Research for SME Associations**:

Within part B of the proposal, the rules on dissemination and use, including intellectual property rights management and the settlement of internal disputes, are described. In particular, part B should contain provisions related to the remuneration of the RTD performers especially if different from the default regime, clearly indicating the ceiling for remuneration agreed within the consortium and the related consequences in terms of allocation of ownership and use and dissemination rights.

- **Indicative timetable:** evaluation results estimated to be available within 3 months after closure date. Grant agreement signature: it is estimated that the first grant agreements related to the call will come into force 6 months after the closure date.

The objective is that all grant agreements will have been completed within 6 months after the adoption of the ranked list of proposals.

- **Consortium agreements:** The participants are deemed to have concluded a consortium agreement before the signature of the grant agreement.

It addresses issues such as the internal organisation of the consortium, the management of the European Union financial contribution, rules on dissemination and use, including intellectual property rights management and settlement of internal disputes.

- **The forms of grants and maximum reimbursement rates** which will be offered are specified in Annex 3 to the Capacities work programme.
