 - The action addresses researchers who, at the time of the relevant deadline for submission of proposals, correspond to the definition of "*experienced researchers*" and comply with the "*mobility*" rule. They must demonstrate mobility from a "*third country*" to a Member State or Associated country.
 - Applicant host organisations must be active in research. For the incoming phase, the host organisation must be located in a Member State or Associated country. For a possible return phase, the return host organisation must be located in an International Cooperation Partner Country (ICPC).

The distribution of the indicative budget of the call over the scientific disciplines will be proportional to the number of eligible proposals received in each panel. If the budget allocated to a panel exceeds the requirements of all proposals positively evaluated³ in that panel, the excess budget will be reallocated to the other panels based on the distribution as above. Equally, if the allocated funding to a panel is insufficient to fund the highest ranked proposal in that panel, the necessary budget will be transferred from the other panels based on the distribution as above, in order to ensure that the highest ranked proposal can be funded.
